

PUEBLO Y SALUD, INC.

Social and Human Service Agency

Guiding Good Choices Parent Workshop

- Teaches parents effective family management and communication skills on how to talk and address the issue of alcohol, tobacco, marijuana and other drugs abuse.

Rethinking Access to Marijuana Presentation

- Teaches parents about the harms of marijuana and ways to prevent youth access and reduce availability.

Over the Counter and Prescriptions Drug Abuse Presentation

- Increase public awareness of the risks of prescription drug abuse, the importance of proper storage, and safe drug disposal programs.

Beer Run Campaign

Help educate the public that a beer run can lead to a felony. PyS is working with the LAPD North Hollywood Division to aid in reducing the number of beer runs in our communities. The goal is to make our communities safer for our business owners and customers.

Project ALERT Youth Prevention Program is a school-based 11-week program for middle school students located in San Fernando and neighboring cities which has proven to have reduced the experimental use of drugs. It seeks to prevent adolescent non-users from experimenting with drugs. Also, help students already experimenting from becoming more abusers.

Certificates of Completion!
School Year 2017

Responsible Beverage Services (RBS) by provides training to liquor store personnel by teaching how to sell alcohol responsibly to their customers and reduce youth access. PyS addresses local, city, county and statewide alcohol related issues to improve the quality of life among our youth and their families.
